

Cahill to Host “Developing and Financing Data Center Infrastructure Assets” Panel

Wednesday, April 23, 2025 12:30 PM to Thursday, January 1, 1970 12:00 AM

Cahill will host a panel discussion on the evolving U.S. data center market that will explore key considerations for sponsors and developers, financing sources, and products available for data centers, as well as the latest trends shaping data center demand.

The panel, moderated by partner Emeka Chinwuba, will feature key industry players, including Syed Ahmed of Apterra Infrastructure Capital, Chris Cochrane of Amber Infrastructure, Obinna Isiadiso of International Finance Corporation, Edwin Stone of CIBC Capital Markets, and Nofal Zubair of Partners Group.

This event will be held in-person at our New York office. Breakfast will be served.

To register, email events@cahill.com.
